

AIR-Plus™ Underpad

For use with low-air-loss bed systems, the underpad is 100% breathable. The microporous backsheet allows heat, air and moisture vapor to escape supporting optimal skin integrity while preserving the mattress. The soft, consistently smooth, even surface minimizes pressure points and shear/friction concerns.

EliteCare™ Disposable Brief

Our MOST Absorbent Product – featuring PowerSorb™. Extreme amounts of fluid are distributed and retained by multi-layer construction. PowerSorb increases absorbent capacity without adding extra bulk. Skin is kept dry, odor is reduced, and fluid is neutralized inhibiting bacterial growth. Extended wear-time allows for uninterrupted sleep and travel. Features include: cloth-like outer layer, micro-hook closure tabs, and Kufguards® (inner leg cuffs) for leakage/bowel containment.
